

Laniado Hospital Carries Out Its First Spinal Operation

Surgery Performed by Dr. Gad Velan, President of the Israel Spine Society, and Chief of Spine Surgery at Laniado

Laniado Hospital recently carried out its first spinal operation. The surgery was performed by Dr. Gad Velan, President of the Israel Spine Society, and chief of spine surgery at Laniado.

"I feel terrific and thank Dr. Gad Velan for his dedicated treatment," said Shimon Shacham, a 76-year-old resident of Netanya, who has been riding bicycles for many years and underwent surgery for a slipped disc. I hope to resume sports activities soon"

"I wish Mr. Shacham health," said Dr. Velan. "I greatly admire his sporty lifestyle and consider it a privilege to be able to help him return to sports activities".

Laniado Hospital's Spine Center offers tests and treatment, including surgical procedures for residents of Netanya and the Sharon Region. For an appointment, call 09-8609336.
